[Draft Reply](#)

This mail is about confirming the scope lock, which is a part of an onboarding process, likely for a project. It appears to be a follow-up to a previous discussion (as Chloe is referring to it by saying 'scope lock confirmed'). There are no action items related to this email. However, Chloe's original email (Scope Lock Confirmed) may have triggered an action item (implementation kickoff on Monday), though this is not explicitly mentioned in the provided email content.

Dear Chloe,

Thank you for your email confirming the scope lock. I'm glad to hear that the project is progressing well.

To move forward with the implementation kickoff on Monday, could you please provide an agenda for the meeting? I'd like to ensure I'm prepared to discuss the necessary topics.

Looking forward to hearing back from you.

Best regards,
